DETAILED ADMINISTRATIVE EXPERIENCE

Pacific Northwest University of Health Sciences, Yakima, WA
Interim ERP Program Director / SIS Modernization Project Director

2025–Present

Graduate and professional health sciences university offering Osteopathic, Dental, Physical Therapy, Occupational Therapy and Medical Biosciences degrees. Client-side director for the university's full replacement of its student information system — a \$3.37M, five-year program spanning system implementation, data conversion, integrations, and reporting, coordinating vendor delivery teams, implementation partners, and institutional staff.

Position Profile:

- Manage all aspects of a \$3.37M enterprise system implementation program (FY2025–2030) spanning system configuration, ~20 system integrations, data conversion, and reporting across a three-party delivery model
- Serve as Co-Chair of the SIS Steering Committee and institutional coordinator for the SIS/ERP Executive Committee, facilitating monthly governance with 20+ cross-functional stakeholders
- Manage dual vendor relationships with the software vendor's professional services organization and a third-party implementation partner, including scope negotiation, schedule alignment, deliverable review, and contract performance
- Oversee integration architecture end to end: requirements gathering and use case development, interface and data-exchange design, and assessment of ~20 institutional systems requiring integration or reporting solutions
- Lead user acceptance testing strategy and planning: developed and maintain test plans for all functional areas; established test readiness checkpoints, issue/defect tracking, and sign-off protocols
- Currently directing the institution through project initiation and the build phase: team onboarding, business process review, risk and issue log governance, functional sprint scheduling, and data migration planning

Selected Accomplishments:

- Negotiated and executed a scope-reduction change order (2026) transferring 1,300 hours of integration engineering from the software vendor to the implementation partner, reducing contract cost while protecting delivery timelines
- Led a competitive vendor selection process for a forms platform to integrate with every ERP the university runs, including Quali Build, mid-implementation, defining requirements, evaluating proposals, and negotiating terms, securing a solution at approximately half the anticipated cost
- Identified a gap in the original SIS scope and guided the program toward a full Paylocity integration that automates LDAP network account creation as staff are hired, replacing a manual process
- Currently leading a competitive vendor selection for a new payment gateway provider, applying the same governance model used for the forms-platform selection
- Introduced a user acceptance testing methodology across all functional areas, developing standardized validation plans, functional review guides, and sign-off documentation for steering committee reporting
- Built agentic AI reporting and process automation on the university's existing SharePoint, Power BI, and Power Platform infrastructure (Claude Enterprise, Copilot), delivering real-time project dashboards, business requirements and testing documentation, and steering committee reporting without new systems or licensing
- Led institution-wide communication strategy including bimonthly SIS Modernization newsletter, steering committee reporting, and President/executive briefings

Kansas City Kansas Community College, Kansas City, KS
Vice President for Student Affairs and Enrollment Management
Interim Vice President for Student Affairs (2022)

2022–2024

Comprehensive community college serving approximately 6,000 students — chief student affairs and enrollment officer for admissions, registrar, financial aid, athletics, housing, counseling, and student support services.

Position Profile:

- Provided executive leadership, strategic planning, and oversight for the College's enrollment and student support functions with a non-salary operating budget of \$2.4 million and external fundraising funds
- Led and supervised nine direct reports, overseeing 80+ faculty, staff, and student workers: Admissions and Recruitment, Athletics, Career Services, Counseling and Advocacy, Dean of Students Services, Military and Veteran Student Services, Registrar, Student Accountability and Support Services, Student Activities, Student Basic Needs, Student Financial Aid, Student Health, Student Housing, Student Success Center, and Upward Bound
- Oversaw the development and operation of the college's strategic enrollment management plan
- Served as Principal Investigator for the College's \$2.5 million five-year Department of Education Title III Strengthening Institutional Programs grant

Selected Accomplishments:

- Led the development of the College's Board of Trustees-approved five-year Strategic Enrollment Management Plan:
 - Fall 2023: overall headcount increased 2.8%, full-time equivalency rose 1.9%, new student enrollment increased 8.5% compared to Fall 2022
 - Led redesign of the online application for admission to foster completion and efficient processing
 - Led reimagining of career services including launching Handshake, expanding programs, and a micro-internship program sponsored by the Kansas Board of Regents
- Established division-wide KPIs and a collaborative approach for an integrated strategic map with cultural disciplines
- Oversaw programmatic opening of a \$20 million 254-bed new residence hall achieving full occupancy in year one
- Orchestrated the College's Commencement Ceremony, transitioning off-campus to a single ceremony at Kansas City's Major League Soccer stadium (18,500 seating capacity)
- Established a full-time Basic Needs Coordinator role and transformed food pantry into a comprehensive Basic Needs Center

Washington State University Tri-Cities, Richland, WA
Vice Chancellor for Student Affairs/Deputy Title IX Officer
Campus Chief Information Officer (2014–2018)

2014–2021

Urban-serving regional campus of Washington State University — inaugural chief student affairs and enrollment officer, serving simultaneously as campus chief information officer through a period of record enrollment growth.

Position Profile:

- Served as the campus's inaugural Chief Student Affairs and Enrollment Officer, overseeing a team of 40+ staff and student workers across Admissions, Financial Aid, Information Technology, Registrar, Student Engagement, Student Mental Health and Wellness, and Student Support Services, managing an operating budget exceeding \$2 million
- As Campus CIO: responsible for partnering and collaborating with the WSU system and campus leadership to provide accessible and equitable information technology services to all WSU students; chaired Information Technology Strategic Advisory Student Subcommittee
- Served as Principal Investigator for WSU Tri-Cities federal GEAR UP and TRIO Student Support Services grants

Selected Accomplishments:

- Led development of a strategic enrollment management infrastructure: recruitment planning, prospective student search marketing, campus-based achievement awards, CRM recruitment systems, and business intelligence analytics
- FTE enrollment increased to all-time high of 1,868 (38% increase); minority student population increased 7%; awarded 40% more degrees (Fall 2014–Fall 2020)
- Led development of two student fee referendums, the construction project, and operation of a \$7,500,000 Student Union Building
- Secured over \$400,000 annually for fee-based student services through collaboration with the student fee committee
- Launched a comprehensive online orientation platform with the Office of Academic Affairs
- Created and established the MOSAIC Center for Student Inclusion (2019); secured student fees and campus funding for first full-time director
- Led the creation of the Cougar Cupboard Food Bank with partnerships from the Richland Rotary Club, 2nd Harvest Food Bank, and Lamb Weston

Associate Registrar (2000–2002)

2000–2014

Academic health sciences center with Schools of Medicine, Nursing, and Health Professions — second-ranking student affairs officer, university registrar, and co-executive sponsor of the university's student information systems.

Position Profile:

- Served as the #2 senior student affairs officer with a diverse portfolio: admissions, campus recreation, international programs, registrar services, student financial aid, student health insurance, and student life

- Served as co-executive sponsor of the university's Student Information Systems: implementing, managing, and developing student ERPs: PeopleSoft Campus Student Solutions, Ad Astra Scheduling, CollegeNET Admissions, and related systems (2006–2014, 8 years)

Selected Accomplishments:

- Led development of a campus-wide new student orientation process
- Provided leadership to the campus recreation facility and re-established a non-deficit budget
- Developed a comprehensive student services assessment process for the division
- Led the creation of a centralized admissions department to improve strategic enrollment management outcomes
- Transformed the Office of the Registrar: created enrollment services model, mandatory fees framework, in-house diploma printing for the entire University of Kansas, and document management systems
